

# PROJECT SPECTRUM

Defending Your Business  
in Cyberspace

## Project Spectrum Bolsters Homeland Defense

- The DoW Office of Small Business Programs initiated Project Spectrum as a comprehensive platform to provide the tools and training needed to increase cybersecurity awareness and maintain compliance in accordance with DoW contracting requirements.

## Simplifying Cybersecurity Compliance for the Defense Industrial Base

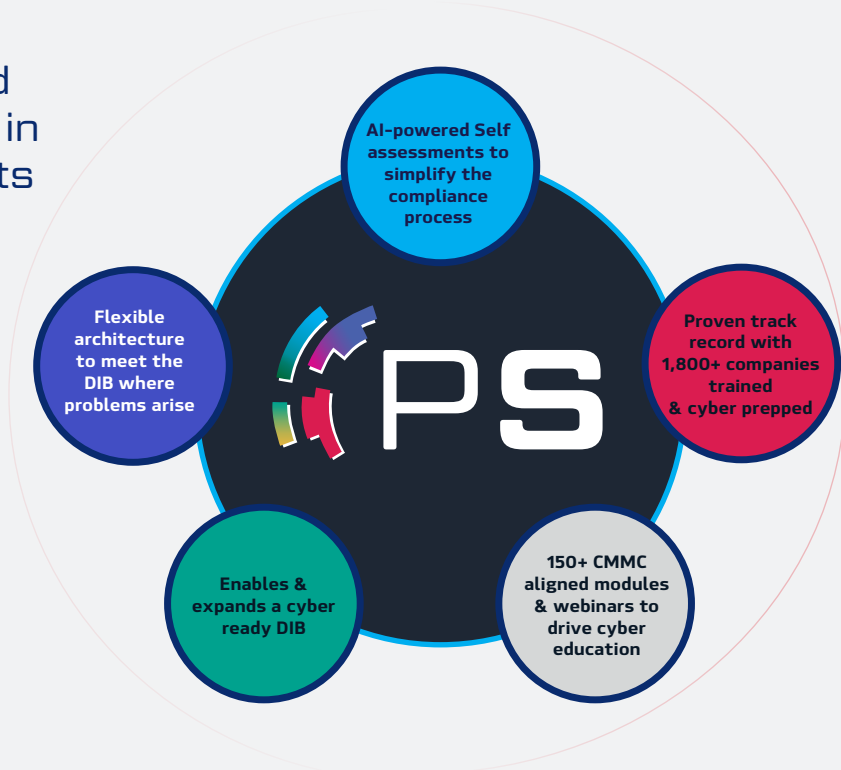

- **Comprehensive Toolset:** Leverage tools, templates, educational content, and hosted webinars to demystify the complexity of meeting DoW cybersecurity mandates.
- **Expert Cyber Advisors:** Implement cybersecurity measures with confidence. Access 1-on-1 guidance from certified cybersecurity professionals.
- **Community Support Network:** Engage with Defense Industrial Base (DIB) small-and medium-sized businesses to share best practices and experiences.

*Your Path to CMMC Starts Here...*

# Protect Your Business FROM CYBER THREATS

**The Problem:** Small and medium-sized business in the DIB are cyber targets for our adversaries

**The Solution:**  
Project Spectrum

Project Spectrum empowers U.S. small and medium-sized businesses in the defense industrial base to thrive in a rapidly evolving digital security landscape. By providing transformative education, innovative technologies, and expert resources to bridge the security gap for non-traditional suppliers, we facilitate their entry into the defense sector. Through enhancing cyber awareness, ensuring compliance, and fostering a diverse supplier network, we strengthen the resilience of the defense supply chain and drive innovation to safeguard our nation's future.
