True or False:
If a contract requires a Personal Security Clearance (PCL) to perform work onsite than a Facility Clearance (FCL) is not required.

FALSE
Any CONTRACT that requires a PCL also requires a FCL.
National Industrial Security Program (NISP)
The Basics

• Administered by Defense Security Service (DSS)
  http://www.dss.mil/isp/

• Authorities
  • DoDD 5220.2-R, Industrial Security Regulation, December 4, 1985
  • DOD 5220.22-M, National Industrial Security Program Operating Manual (NISPOM), February 2006

• Security guidance for acquisitions also found in FAR and DFARS
National Industrial Security Program (NISP) Key Definitions

- Classified contract: Any contract requiring access to classified information in the performance of the contract

- Personnel Security Clearance (PCL): Administrative determination that an individual is eligible for access to classified information

- Facility Security Clearance (FCL): An administrative determination that a company is eligible for access to classified information

- Need to Know: Determination that the proposed recipient has a requirement for access to classified information to fulfill a contract

- Access: The ability and opportunity to gain knowledge of classified information
FCL Policies and Procedures

• Contractors must be sponsored by the Government Contracting Authority (GCA) or a currently cleared contractor AND meet the following criteria:
  • Must need access in connection with a legitimate requirement
  • Must be organized in the US
  • Must have a reputation for integrity and lawful business dealings
  • Must not be under Foreign Ownership or Controlling Interest (FOCI)

FCL Considerations and Timelines

What is the typical FCL Processing Timeline?
• Average FCL Processing Timeline is 150-180 Days
  • Hold Points are FOCI and KMP Clearances

How Many FCL Packages does DSS Process per month?
• Appx. 300 month to process

Why does it take so long?
• Appx. 50% of packages are rejected due to:
  • Information does not match on all documents
  • Not fully completed
• If KMP do not have active clearances then DSS has to forward to National Background Investigation Bureau (NBIB) to process personnel clearance. **Government funding must be in place.**
• If there is significant FOCI then mitigations have to be put in place.
High Level PCL Process Overview

**STEP 1**
FSO identifies need and initiates e-QIP and instructs applicant to complete.

**STEP 2**
Once applicant completes e-QIP, FSO reviews for completeness and releases to PSMO and submits eFP.

**STEP 3**
PSMO-I reviews e-QIP for and completeness.

**STEP 4**
Issues exist?
- **YES**
  - Revise and send back to FSO for corrections
- **NO**
  - Release to OPM

**STEP 5**
OPM schedules investigation.

**STEP 6**
PSMO-I receives AdvNAC and processed for Interim Secret/TS.

**STEP 7**
OPM completes investigation.

**STEP 8**
DoDCAF Adjudicator reviews investigation results and vets the application against adjudicative guidelines.

**STEP 9**
Issues exist?
- **YES**
  - Grant final eligibility
- **NO**
  - DoDCAF sends SOR to DOHA legal review

**STEP 10**
If DOHA agrees with SOR, send to FSO/Subject.
If DOHA disagrees with SOR, recommend final eligibility.

**STEP 11**
Subject responds to SOR and returns response to DOHA.

**STEP 12**
Administrative Determination or Official Hearing for final determination.

If Subject fails to respond to SOR, DoDCAF will post Denial/Revocation.

FCL Considerations and Timelines

What is DSS doing to actively enhance the process and speed up the timeline?

• Interim FCLs are being issued when it is in the best interest of national security for contractors to begin work on their contracts.

• The average timeline for an interim FCL is 45 days.

Why is the process faster for interim clearances?

• DSS can internally grant interim personnel clearances through the PSMO-I division while NBIB is performing the full clearance investigation.

• Interim clearances are based on the risk associated with the background so it cannot be done in all cases.
Why Are Agencies Requiring Active Security Clearances at Time of Award and/or Bid?

• Services are needed immediately which does not allow time for vetting.
• Risk of awardee not being successfully cleared is too high.
• Checking every contractor bidding on work would be a significant cost for minimal benefit.

What is the Acquisition Community doing to Improve this for the Future?

• Planning as best as possible to allow for flexibility of getting clearances post award when possible.
• Educating customers on impacts to the contract when security clearances are required.
• Impacts include effect on small business participation, limitation of competition and cost impact.
