SPEAKERS

Dr. Sonny D. Hatcher

MARC Chairperson

Assistant Director, DCMA Small Business, East/West Compliance Center

Dr. Sonny D. Hatcher is an Army Veteran who currently serves as the Assistant Director East and West Compliance Team for the Defense Contract Management Agency Small Business Office and the Small Business Compliance Center.

Dr. Hatcher has 25 years acquisition experience in both pre-award and post-award functions within the Department of Defense and the Federal government. He has held a variety of positions to include Procurement Analyst, Contract Specialist, Small Business Professional and Assistant Director East/West Compliance Group.

Dr. Hatcher is a member of the Acquisition Corps, DAWIA Level III Certified in Contracting and DAWIA Level I Certified Program Management.

Ms. Kristie Grinnell

Vice President

Information Technology and Supply Chain, and Global Chief Information Officer

General Dynamics Information Technology

Kristie Grinnell is GDIT's global chief information officer and vice president for supply chain, reporting to President Amy Gilliland. Kristie leads the company's information technology strategic plan in the areas of enterprise, business application, data centers, wide-area networks and customer service. She also oversees supply chain management, including direct and indirect procurement and sourcing.

Prior to joining GDIT, Kristie served as director of planning and governance as well as director of client delivery enablement for CSC. There, she oversaw execution of the company's IT plan and the implementation of the company's client and knowledge management strategies. Before joining CSC, Kristie served as CIO, chief of staff and global IT strategy executive for PricewaterhouseCoopers.

Kristie earned her bachelor's degree in mechanical engineering from the University of Pittsburgh. She received her MBA from Cornell University's Johnson Graduate School of Management.

Mr. Daniel Alves

Senior Manager, IT Regulatory & Compliance Lead

General Dynamics Information Technology

Daniel Alves currently serves as IT Regulatory & Compliance Lead for GDIT serving within the Office of the CIO. In this role, he leads the company's IT Regulatory and Compliance group which provides managed regulatory compliance for all internal CIO services while also aligning with proactive IT risk management processes.

Prior to this role, Mr. Alves worked at Ernst and Young consulting for a wide variety of clients across the defense and technology sectors including 6 years for General Dynamics providing cyber and IT services across all GD operating units. Daniel has deep experience performing internal audit, financial audit integration, cyber assessment, compliance and information security program transformation, data privacy and protection, business continuity/disaster recovery, incident response, vulnerability assessments, process design, policy development, and Sarbanes-Oxley Section 404 advisory services.

Mr. Kyle Beagle

Associate Director

Office of Small Business Programs, Marine Corps Systems Command

Mr. Beagle serves as the Associate Director and Subject Matter Expert for all Small Business-related functions for all Marine Corps ground weapon and information technology programs. This covers over 450 acquisition programs and over \$2.5BN average annual obligations aligned as weapon and/or information technology system portfolios to the corresponding Marine Air-Ground Task Force element, including Command Element Systems, Ground Combat Element Systems, Logistics Combat Element Systems, and Supporting Establishment Systems (corresponding to the MAGTF's "fifth element," the entire Supporting Establishment of the Marine Corps).

Mr. Shannon Jackson

Deputy Director

DoD Office of Small Business Programs

Mr. Jackson is a retired Lieutenant Colonel of the U.S. Army where he served for 23 years. In the military, he was the Deputy Program Manager for the U.S. Army Rapid Equipping Force; a Foreign Military Sales Acquisition Officer/Program Manager for a Major Weapon Systems, Ammunition and Service for the Government of Iraq; and the Department of the Army System Coordinator (DASC) within the office of the Assistant Secretary of the Army for Acquisition Logistics and Technology directly managing the Joint Air to Ground Missile (JAGM) and the Hellfire Missile System.

Mr. Jackson earned a bachelor's degree in History from Virginia State University, a master's degree in Business Administration from Nichols College and a master's degree in Procurement and Acquisition from Webster University. He is a Defense Acquisition Workforce Improvement Act (DAWIA) Level 3 certified Program Manager and a Level 2 Contracting professional.

Mr. Michael E. Baker

Chief Information Security Officer

General Dynamics Information Technology

Michael Baker currently serves as Chief Information Security Officer (CISO) for GDIT serving within the Office of the CIO. In this role, he manages a team of professionals across all aspects of internal cyber operations, computer network defense, policy, awareness, incident response, threat intelligence, and secure architecture. In addition, he leads the company's IT Risk and Compliance group which provides proactive IT risk management processes and managed regulatory compliance for all internal CIO services.

Prior to this role, Mr. Baker worked at Ernst and Young consulting for a wide variety of clients across the defense, retail, banking, and technology sectors including 11 years for General Dynamics providing cyber and IT services across all GD operating units.

Mr. William Blais

Retired from Government Service

Mr. Blais recent position was with the SBA where he served as a Senior Program Manager with the Small Business Administration. Mr. Blais expertise spans both private and federal technology domains. As a Digital Service Expert with the White House and the Branch Chief of the Enterprise Platform Software and Services branch with the Department of Homeland Security, he managed one of the largest federal cloud migrations and the implementation of "as a Service" offerings to multiple components.

Mr. Blais experience in the private sector includes roles as Deputy Program Manager and Lead Systems Engineer of classified Signals and Communication Intelligence Systems with Raytheon Intelligence Information System (IIS), Special Mission Support (SMS) as well as serving as a Deputy Director for an SDVOSB. Mr. Blais holds an MSM, Program Management from Boston University and has attended Harvard Business School Executive Education seminars as well as holding numerous industry certifications in Program/Project Management and the IT industry.

Mr. Blais is a retired Marine Infantry Unit Leader and has led combat troops in 5 different Infantry Battalions in operations around the world.
